

SUPERIOR TRUCK COVERS

MISSION STATEMENT

Truck Covers USA is dedicated to building superior truck covers using tomorrow's technology and innovation while competing at today's prices. We insist on a highly trained staff, cutting edge design, state of the art materials and undivided attention to the smallest details. Our success is measured by customer satisfaction, and our decisions are driven by both consumer feedback and our passion for excellence.

ABOUT TRUCK COVERS USA

Truck Covers USA strives to revolutionize the roll cover industry by blazing a new trail in product design, development and production. We are not in business to produce truck covers that represent the industry standard, we are in business to become the industry standard.

OUR PRODUCT

Our signature product is The American Roll Cover. Our research and design team has taken a proven roll cover with 10 plus years of service and created the toughest aluminum retractable cover available. We accomplished this amazing feat by listening to customer feedback. Our covers have enhanced almost every imaginable truck bed, secured cargos worthy of a king's ransom and survived weather conditions impossible to reproduce in a lab. The feedback we received has been invaluable in creating a truck cover that will more than meet your needs. As a results-driven company, we listened, and we responded with a superior product!

AMERICAN CARGO LIGHTS

DISTRIBUTOR OF THE FINEST ACCESSORIES ON EARTH!

AMERICAN SNAP-LOC

Whether you're tying down a motorcycle, ATV, boxes, furniture, lumber, equipment, ladders and more – American Snap-Loc products are the next generation of quality industrial strength anchor points and strap systems that will change the way you secure cargo forever. American Snap-Loc products will never come loose accidentally – they are a positive locking system for any cargo. Industrial strength rated - having the highest strength rating for a cargo control system. Just a few of the possible uses for genuine American Snap-Loc products from Truck Covers USA include:

- Pick-Up Truck Beds and Tailgates
- SUV & Van Roofs/Racks
- Service Body Trucks
- Flat Bed Truck Beds
- Trailers & RVs

AMERICAN SPRING-STEP

An attractive and practical solution to accessing the back and side of SUVs, Trucks, RVs and Service Vehicles. The American Spring Step was designed to be appreciated and used by men and women alike. Pushed open or closed with the toe of your shoe, the patent pending over center spring system holds its position. The precision manufactured American Spring Step is brought to life with beautiful inserts, making it a must have for all. Get yours today from TRUCK COVERS USA!

Super Strong

- Tested to 600 lbs.
- Billet aircraft aluminum
- Unique, Simple & Stylish

Select from our Logo or Patriotic Series or customize for your business, club or other organization!

AMERICAN WONDER AUTO CLOTH

The Ultimate Cloth for your ride! Super absorbent; machine washable; long-lasting. Holds 12 Times its weight in water. Lint-free; Scratch-free. The finest cloth you will ever use. **THROW AWAY THAT CHAMOIS AND MOVE ON TO THE AMERICAN WONDER AUTO CLOTH.**

AMERICAN TAIL-MATE

Eliminate the weight off your tailgate. Sturdy construction can support payloads of up to 1,000lbs. Ideal for transporting lumber and other oversize materials – helps prevent heavy loads from damaging your truck's tailgate. The robust support beam can handle cargo up to 51 inches wide while typically extending your bed length by more than 30 inches.

AMERICAN TAILGATE SEAL

The American Tailgate Seal has been engineered and designed to accommodate any model tailgate with a precise and snug fit. Conforms to fit any gap – large or small. Provides added security from the elements – preventing dust, rain and snow from entering your truck bed. Simple to install – just cut to size and adhere with the 3M Acrylic Plus Sealing Tape to secure. Get yours today from TRUCK COVERS USA.

AMERICAN CARGO LIGHTS

American Cargo Lights are the most sophisticated and unique cargo lighting system available. Lined with LEDs, the subtle and stylish American Cargo Lights strip is a must have for all truck beds, toolboxes and other cargo unit structures. Whether connected directly into your vehicle wiring system, operated by its unique battery system or remote – these are the lights of lights – the American Cargo Lights – For Work or For Play – Stylish and Sensible.
