BUILT TO LAST

Tough enough to be used by the U.S. Marine Corp. Our Commercial Grade materials meet today's Industrial needs, and it's GSA Approved, so ordering is easy.

There are a number of roll covers on the market today. All claim to be the best. Only a select few have their own particular strong points while the remainder are made cheap to sell cheap for volume sales. Truck Covers USA manufactures only the one type of roll cover - perfecting the retractable hard roll cover over the years. The American Roll Cover has evolved into the preferred cover for truck owners. Whether it is their personal vehicle, part of their fleet or their work horse, a truck is made to serve its owner as best capable. Our cover is made to do just that. When it comes to retractable Tonneau covers, Truck Covers USA is #1 in this market from both a product and customer service standpoint. Truck Covers USA is the industry leader.
